

**Oxford School District  
2018-2019  
Fall Health and Wellness Report**

Review of Policy JG Health and Wellness

Oxford School District Wellness Policy JG is being submitted for review with minor changes recommended at this time. The current policy reflects the recommendations of the Mississippi Department of Education, Office of Healthy Schools. The policy as written requires an annual review of its contents along with a review of progress toward policy goals through the School Health Index.

School Health Index

The School Health Index is a self-assessment and planning guide developed by the Centers for Disease Control and Prevention for use in schools. The School Health Index (SHI), as implemented in the fall of 2018 by schools in the Oxford School District, is an eleven-component model for school health and wellness. The SHI is used in the Oxford School District for health and wellness planning. Each school in the Oxford School District will complete the appropriate SHI survey twice per year. Members of the wellness committee at each school location complete the SHI.

Current SHI results are attached. Please notice that each module reflects one of the eleven commitments noted in Policy JG and the individual school wellness plans. A fall to spring SHI comparison report will be offered at the end of the 2018-2019 school year in the Spring Wellness Report.

School Health Index Results

Module 1: School Health and Safety Policies

<b>School</b>	<b>Index Percentage-Fall 2018</b>
Bramlett Elementary School	92.98%
Oxford Elementary	89.47%
Della Davidson Elementary	85.09%
Oxford Intermediate School	86.84%
Oxford Middle School	96.49%
Oxford High School	92.11%
<b>Oxford School District</b>	<b>90.5%</b>

Module 2: Health Education

<b>School</b>	<b>Index Percentage-Fall 2018</b>
Bramlett Elementary School	62.5%
Oxford Elementary	75%
Della Davidson Elementary	77.02%
Oxford Intermediate School	37.5%
Oxford Middle School	94.74%
Oxford High School	91.23%
<b>Oxford School District</b>	<b>73%</b>

Module 3: Physical Education/Physical Activity:

<b>School</b>	<b>Index Percentage-Fall 2018</b>
Bramlett Elementary School	73.02%
Oxford Elementary	80.95%
Della Davidson Elementary	80.95%
Oxford Intermediate School	84.13%
Oxford Middle School	95.06%
Oxford High School	100%
<b>Oxford School District</b>	<b>85.69%</b>

Module 4: Nutrition Services

<b>School</b>	<b>Index Percentage-Fall 2018</b>
Bramlett Elementary School	92.86%
Oxford Elementary	92.86%
Della Davidson Elementary	100%
Oxford Intermediate School	97.62%
Oxford Middle School	100%
Oxford High School	90.91%
<b>Oxford School District</b>	<b>95.71%</b>

Module 5: School Health Services

<b>School</b>	<b>Index Percentage-Fall 2018</b>
Bramlett Elementary School	97.62%
Oxford Elementary	73.81%
Della Davidson Elementary	85.71%

Oxford High School	83.33%
<b>Oxford School District</b>	<b>83.89%</b>

## Module 11: Community Involvement

School	Index Percentage-Fall 2018
Bramlett Elementary School	66.67%
Oxford Elementary	62.96%
Della Davidson Elementary	69.96%
Oxford Intermediate School	44.44%
Oxford Middle School	92.59%
Oxford High School	88.89%
<b>Oxford School District</b>	<b>70.92%</b>

### Three Areas of Need Based on SHI Results: Oxford School District

- Health Education
- Employee Wellness and Health Promotion
- Community Involvement

### School Health and Wellness Plans

A school health and wellness plan has been submitted for each school in the Oxford School District. The goals included in the plan are derived from the areas of need associated with the School Index. The plans reflect the eleven commitments to health and wellness also seen in Policy JG. The plans contain the proposed months for school health council meetings and contain the names of the members of each school health council and their affiliation. The Oxford School District strongly encourages parents and the community engagement in the school health and wellness process.
